

# Appearances are Deceiving

## Web Lab Activity: Monsters of the Deep

**Directions:** Using the *Monsters of the Deep* Web site (<http://www.seasky.org/monsters/sea7a.html>) fill in the chart below. Be sure to read the descriptions of each organism carefully. Think about **adaptations** the animals have to help them survive in the dark, high pressure, and low oxygen.

<b>Name of Organism</b>	<b>Adaptations for Deep Ocean Living (2-3)</b>	<b>Fun Facts (2-3)</b>
<a href="#">Atlantic Hagfish</a>		
<a href="#">Coelacanth</a>		
<a href="#">Chambered Nautilus</a>		
<a href="#">Deep Sea Angler</a>		
<a href="#">Deep Sea Dragonfish</a>		
<a href="#">Fangtooth</a>		
<a href="#">Firefly Squid</a>		
<a href="#">Giant Isopod</a>		
<a href="#">Giant Squid</a>		
<a href="#">Giant Tubeworm</a>		
<a href="#">Gulper Eel</a>		
<a href="#">Hatchet fish</a>		
<a href="#">Lanternfish</a>		
<a href="#">Oarfish</a>		
<a href="#">Sixgill shark</a>		
<a href="#">Snipe Eel</a>		
<a href="#">Vampire Squid</a>		
<a href="#">Viper Fish</a>
